Mission: Each student is highly educated, prepared for leadership and service, and empowered for success as a citizen in a global community.

January 4, 2017

Dear Parent or Guardian:

Columbus City Schools, I Know I Can, and Ohio University Heritage College of Osteopathic Medicine invite your student to be a Medical Student for a Day and visit Ohio University Heritage College of Osteopathic Medicine in Dublin, OH on **Monday, January 30, 2017**. This one-day visit will provide the perfect way for your son or daughter to get information and gain experience about being a medical student, which will help them to make an informed college choice.

I strongly encourage your student to plan now to attend! This trip is limited to the **first 40 Columbus City Schools Juniors (Class of 2018) and Seniors (Class of 2017) who register online at www.iknowican.org**. In addition, **those registered juniors and seniors must have a 2.5 cumulative GPA and passed all parts of the OGT to be eligible to attend.**

Please see the enclosed agenda outlining the day's activities. After your child registers for the trip online at www.iknowican.org and if he or she receives approval to attend the trip, your child will receive a permission slip and transportation liability form via e-mail. Please return this permission slip form to your child's I Know I Can Advisor or School Counselor. A signed permission slip is required to participate in the event.

Please direct additional questions about this opportunity to your student's school counselor or to Ashley Logan, I Know I Can College Asst. Director of College Advising (233-9510 ext. 124) or to Kate Webster, CCS High School Resource Counselor (365-5255).

We greatly appreciate the support of I Know I Can in making this college visit available to our students. We look forward to supporting you and your child in the college admissions process and wish him/her continued academic success in college. I hope your student will participate in this outstanding event!

Sincerely,

Cheryl L. Ward, Supervisor for Student and Family Engagement
CCS Student Support Services
